9.7 Burglar Alarm project - Alarms

There are many types of alarms that we use to protect ourselves and our property.

Research 4 *different* types of alarms including:

1. Personal alarm
2. Car alarm
3. House alarm
4. One other type of alarm

In the boxes below draw a picture of the alarm, describe how it works.

Also state the input (what you need to do to trigger the alarm) and the output (what happens when the alarm is triggered).

<p>Personal alarm</p> <p>Description:</p> <p>Input:</p> <p>Output:</p>	<p>Car alarm</p> <p>Description:</p> <p>Input:</p> <p>Output:</p>
<p>House alarm</p> <p>Description:</p> <p>Input:</p> <p>Output:</p>	<p>Other alarm</p> <p>Description:</p> <p>Input:</p> <p>Output:</p>
